This letter is written in response to the request for a letter of recommendation for Krystal Klean Window Washing. The company currently services our facilities and are contracted to clean our windows and crosswalks on a weekly basis. Their employees are professional and work with a great attitude. A wonderful company to do business with. Krystal Klean always does an excellent job, constantly exceeding our expectations without incident. They are responsive to our needs and always willing to give extra effort needed to deliver satisfactory service. I highly recommend the Krystal Klean business and look forward to a long lasting relationship with them.

Sincerely,
